## A Seminar by Mr. Ahmed Zawiti on the Reality of Kurdish Media and Political Interactions in the Kurdistan Region of Iraq

2023

Prepared by: Raman Center Research Team

discourse is not renewed and does not offer anything new other than repetitions.

- Backed by pressure from the United States and the United Nations, the elections in this stage were fairer than the previous ones, which witnessed significant fraud.

- The Federal Court has played an accelerated role, especially in the recent period, by making decisions quickly in the case of Mr. Hoshyar Zebari and the KRI oil, all in favor of the Coordination Framework against Muqtada al-Sadr's party and against the Kurdistan Democratic Party in particular.

- The Kurds of Syria are more concerned with the problems of the KRI than its people, and we try to prove that we have more knowledge of your reality than you do.

I do not think there is ever a reservation from Iran and Turkey to establish channels in their languages in the KRI, yet there are no attempts in this regard.
